MEMORANDUM FOR: Deputy Director of Training (Special)

SUBJECT: Weekly Activity Report #38 -- 18-24 September 1952

I. OLD ACTIVITIES

- A. The revised schedule for December and January has been approved and is being announced today.

II. NEW ACTIVITIES

- A. A memorandum has been sent to the chief instructors, directing that they correct the tendency toward sloppiness in dress and manner which has been appearing in some sections.
- B. When a student in the present OC came down with polio, the chief instructor was advised by the Medical Office to say nothing about it, but to watch closely for indisposition on the part of any students. The Medical Office did not consider it advisable to bring this matter to the attention of the other students.
- C. [redacted] reported for duty in the BOC and RIT on 20 September.
- D. The Registrar has called attention to the fact that 20 percent of the people registered for the SIC did not show up on the opening day. Of 89 registered for the new BOC, ten were cancelled on the opening day and three were one day late. In several instances, the security status of the student was in doubt. Some of this opening day confusion is unavoidable, but the Training Officers will be urged to make a special effort to eliminate as much as possible, as it throws a heavy load on the course staffs as well as the Registrar.

This document part of classified integrated file. NAME CHECK required prior to individual classification action.
